

## SAFETY PROTECTION SHEET

## TMC AEON TH

Hazard statements

Harmful to aquatic life with long lasting effects. (H412)

## General

Article no.

305885

Use of the substance / mixture

Marine compressors, Lubricant  
Restricted to professional users.

## First aid procedures

General

In the case of accident: Contact a doctor or casualty department – take the label or this safety data sheet. Contact a doctor if in doubt about the injured person's condition or if the symptoms persist. Never give an unconscious person water or other drink.

Inhalation

Upon breathing difficulties or irritation of the respiratory tract: Bring the person into fresh air and stay with him/her.

Skin contact

Remove contaminated clothing and shoes immediately. Ensure to wash exposed skin thoroughly with water and soap. Skin cleanser can be used. DO NOT use solvents or thinners.

Eye contact

If in eyes: Flush eyes with water or saline water (20-30 °C) for at least 5 minutes. Remove contact lenses. Seek medical assistance and continue flushing during transport.

Ingestion

If the person is conscious, rinse the mouth with water and stay with the person. Never give the person anything to drink.

In case of malaise, seek medical advice immediately and bring the safety data sheet or label from the product. Do not induce vomiting, unless recommended by the doctor. Have the person lean forward with head down to avoid inhalation of or choking on vomited material.

General symptoms and effects

None known.

Information for health personnel

Bring this safety data sheet or the label from this product.

Other information

Not applicable. Treat symptomatically.

## Protective equipment

## Fire fighting measures

Suitable extinguishing media

Suitable extinguishing media: Alcohol-resistant foam, carbon dioxide, powder, water mist.

Unsuitable extinguishing media: Waterjets should not be used, since they can spread the fire.

Fire and explosion hazards

Fire will result in dense smoke. Exposure to combustion products may harm your health. Closed containers, which are exposed to fire, should be cooled with water. Do not allow fire-extinguishing water to enter the sewage system and nearby surface waters.

Fire fighting procedures

Wear self-contained breathing apparatus and protective clothing to prevent contact. Upon direct exposure contact The National Poisons Information Service (dial 111, 24 h service) in order to obtain further advice.

## Preventive Measures to contain emissions

Personal protection measures

Contaminated areas may be slippery.

Environmental precautionary measures

Avoid discharge to lakes, streams, sewers, etc. In the event of leakage to the surroundings, contact

Cleaning method

local environmental authorities.

Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations. Wherever possible cleaning should be performed with normal cleaning agents. Avoid use of solvents.
